Leander, TX 78641

**Address of well location:**

280 CR 210  
Bertram, Texas

**Annual Production:**

10 acre feet

**Pumping Capacity:**

Not to exceed 50 gallons per minute

**Purpose of use of the water:** Commercial/Industrial

**Proposed Completion:** Trinity Aquifer

**Action by General Manager**

It is the intent of the General Manager to approve the Permit Application on Monday, April 20, 2015.

In order to protest the General Manager's intended action or request a contested case hearing on an application, the applicant or an affected person, in accordance with District Rule 7.60, must submit in writing a contested case hearing request so that it is received by the District prior to April 20, 2015. Written requests received after the deadline will not be considered timely filed, and will not be further processed by the District.

For specific information about a permit application or submitting a contested case hearing request, contact the District by phone at 512-756-4900, in person at 225 S. Pierce, Suite 104, Burnet, Texas, or visit the District's website at [www.centraltexasgcd.org](http://www.centraltexasgcd.org).

These proposed permits, if issued as final permits, would authorize the permit holder to withdraw and beneficially use groundwater within the Central Texas Groundwater Conservation District according to the terms and conditions set forth in the permits.

**Certification: I, the undersigned authority, do hereby certify that on April 6, 2015 at or before 5:00 p.m., I posted and filed the above notice with the Burnet County Clerk's office for posting in the hallway of the Burnet County Courthouse in a place convenient and readily accessible to the general public at all times. I also certify that a copy of the notice was posted on the door and on an outside window of the District office and that they will remain so posted continuously preceding the scheduled time of said Permit Application. I also certify that a copy of this Notice has been scheduled to be published in a newspaper of general circulation in the District no less than 10 calendar days before action on the said Permit Application. This Certification is in accordance with the Central Texas Groundwater Conservation District Rules §3.62.**
