

**Central Texas Groundwater Conservation District
Notice of Permit Application**

Notice is hereby given that an application for a new well has been determined to be administratively complete. The Permit Application and this notice are in accordance with District Rule 3.66 New Non-exempt Wells Used for Domestic, Livestock or Poultry Purposes.

Specific Information

Applicant: Macky Holding's LLC, P.O. Box 4385, Horseshoe Bay, Texas 78657
Address of well location: 3315 Hwy. 71 West, Horseshoe Bay, Texas

This well will be completed and equipped so that it is capable of producing more than 25,000 gallons of groundwater per 24-hour interval (17.36 gallons per minute) and will be used for Domestic, Livestock or Poultry Use. A meter is required to be installed in accordance with Chapter 11 on a well drilled and operated under a permit issued under this section.

Operating Permits issued pursuant to § 3.66 are issued with provisions that limit production generally to only the amount of water that can be used beneficially for the specified purpose of use, instead of limiting production authorization to an express annual production volume.

Action by General Manager

It is the intent of the General Manager to approve the Permit Application on Monday, November 20, 2017

Protest Application

At any time before the date of the intended action stated in this notice an affected person may formally protest the application by submitting a contested case hearing request using the procedures provided for in Section 7.60 of the District Rules.

Information

For specific information about the permit application or submitting a contested case hearing request, contact the District at 512-756-4900 or 225 S. Pierce, Suite 104, Burnet, Texas.

I, the undersigned authority, do hereby certify that on November 7, 2017 at or before 5:00 p.m., I posted and filed the above notice with the Burnet County Clerk's office for filing in the hallway of the Burnet County Courthouse in a place convenient and readily accessible to the general public at all times. I also certify that a copy of the notice was posted on the door and on an outside window of the District's office and that it will remain so posted continuously, as required for the specific permit type.

Mitchell Sodek, General Manager
Central Texas Groundwater Conservation District
